WHEREAS it has been represented to us that it is expedient to cancel that part of the 27th Clause of the Pension Regulations in our Royal Warrant of the 1st July, 1848, which prescribes the conditions under which a discharged Limited Service Soldier shall be permitted, on re-enlistment, to reckon his former service: Our will and pleasure is, that instead of the before-mentioned conditions, which are hereby cancelled, any Soldier who has been, or shall hereafter be, enlisted for Limited Service, and shall hereafter be discharged before or after the expiration of the first period of service, and shall be permitted to re-engage or again enlist within twelve months from the date of his discharge, shall be allowed, under Clauses 4 and 5 of the regulations and restrictions hereunto annexed, or such others as shall from time to time be established by our Secretary of State for War and the General Commanding-in-Chief of our Army, to reckon half the period of his former service towards his future claim to Pension.

Gen. No. 1,312.

War Office, 30th October, 1861.

REGULATIONS to be annexed to the Royal Warrant of 30th October, 1861, Circular No. 722.

1. With a view to give full effect to the provisions of the Limited Enlistment Act, and at the same time to hold out every encouragement to time-expired soldiers of good character to continue in the service, it is hereby notified that, in addition to the privilege of being permitted, on re-engagement, to count the full period of their first term of service towards increase of good-conduct pay, and to pension on discharge, and of receiving a fresh bounty, as well as the regulated allowance in lieu of a free kit, and an allowance of 1s. a day for twenty days: men who re-engage at the head quarters of their regiment for a second term of service will be granted a furlough, if serving at home, for a period of two months, commencing from the date of re-engagement; and if serving at either of the stations named in the margin, will be provided with a free passage to this country at a convenient opportunity, at the discretion of the Commanding Officer, and a furlough for two months, commencing from the date of their arrival in the United Kingdom. They will also be provided with a free passage back to their regiments, unless directed to join the depôts thereof at the termination of their furloughs.

2. Soldiers who, at the time of their re-engagement, may be serving in India, China, Ceylon, the Mauritius, Australia, or New Zealand, will be allowed 51., and those serving in Canada, at the Cape of Good Hope, at St. Helena, and in the West Indies 31., in addition to the usual Bounty, as an equivalent for the Furlough granted to re-engaged men serving at other Foreign Stations and at Home.

3. The Secretary of State also deems it expedient to point out, that although the re-enlistment of Limited Service Soldiers at any period within two years from date of discharge has been specially permitted under Clause 27 of the Pension Regulations in the Royal Warrant of the 1st July, 1848, the Limited Enlistment Act does not contemplate such a proceeding; it is, therefore, to be understood that the system which has hitherto prevailed will be discontinued (except as specially provided in Clause 6), and in lieu thereof the following will be adopted, viz.:—

4. Soldiers who may hereafter be discharged after the completion of the first term of Limited Service will, if of good character and in possession at the time of their dis-

charge of a good conduct badge or badges, be permitted, as an indulgence to re-engage within twelve months from the date of their discharge, provided those who had previously served in the infantry are not above thirty-two years of age, and those in the cavalry, artillery and engineers not above thirty-four years of age at the time of their re-engagement; but men re-engaging under this arrangement will only be allowed to count half the period of their former service towards claims to pensions, and must be recommended for that indulgence by their Commanding Officers on account of good conduct at the expiration of one year from date of re-engagement; they must also at the time of re-engagement declare the period of their former service, and cause of discharge from their last corps. They will, however, be allowed to reckon the whole of their previous service towards good-conduct pay, but will be required to serve for one year with uninterrupted good conduct from date of re-engagement before they can be permitted to resume their previous good-conduct badges, when they will on the recommendation of their Commanding Officers be entitled to receive good-conduct pay from the date of their re-engagement.

5. Soldiers of good character who may hereafter be discharged, on reduction or on account of disability, or by purchase, &c. during the first term of Limited Service, and who may again enlist within twelve months from the date of discharge, will be allowed the benefit of the preceding provision for reckoning former service and resuming former good-conduct pay.

6. Limited Service Soldiers who may have already taken their discharges prior to the publication of the Warrant hereto annexed, and shall re-engage subsequently to such publication, will be allowed, in conformity with the regulations in force at the time of their discharge, the whole of their previous service towards pension, provided they re-engage within two years from date of discharge, and are specially recommended for this indulgence after not less than six months' renewed service.

HOME AND FOREIGN STATIONS.

W. O., 7th Dec. 1861.

THE Secretary of State for War has decided, with the concurrence of His Royal Highness the General Commanding in Chief, that punishment triangles shall, in future, be articles of store, and shall be in charge of the Barrack Masters at the several stations, instead of being regimental articles as heretofore.

With a view to carry out this arrangement, it has further been decided that regiments shall hand over the triangles now in their possession to the Barrack Masters of the districts in which they may at present respectively be stationed.

The Barrack Master is authorized to receive the same, and he is requested to report on the 1st of January next the number that have been received and from what regiments; also whether there be any Head Quarters of a regiment within his district from which no triangles have been handed over to him.

These Returns are to be sent in together from those Stations at which both natures of Ordnance are mounted.

It is essential that a careful record should be kept of every round fired with projectiles, in order that these Returns may be accurately compiled.

WHEREAS it has been represented to us that it is expedient to extend the provisions of that part of our Royal Warrant of the 16th day of January, 1860, which regulates the issue of medals for long service and good conduct without gratuity to Non-commissioned Officers and Privates of our regular Army, and to Non-commissioned Officers on the permanent staff of the Militia: Our will and pleasure is, that instead of the provisions contained in Clauses 3, 4 and 5 of the aforesaid Warrant which are hereby cancelled, the following shall be adopted:—

3. To each Cavalry Regiment and Battalion of the Military Train,—Two.
To each Brigade of Royal Artillery,—Three.
To every 900 men of the Royal Engineers,—Three.
To each Infantry Regiment or Battalion,—Three.

The Soldiers to whom the above proportion of non-gratuity medals are to be awarded may include discharged Non-commissioned Officers and Privates, if recommended by the Commanding Officers of their former Corps within three years after their discharge, provided they were qualified at the time of their discharge to receive such medals.

4. Non-commissioned Officers and Drummers on the permanent Staff of the Militia who were eligible previously to their discharge from the Army for the medal with gratuity shall be eligible to receive medals without gratuities, in the proportion for each year of three for a Regiment of 750 Non-commissioned Officers and men, and two for a Regiment under that number, and no limit shall be placed on the grant as regards the date of discharge from the Army in the case of men so serving. Their names are to be submitted to the General Commanding in Chief by the Officer commanding the Militia Regiment to which they may belong, who will prove their qualification by transmitting, with the recommendation, a statement of their Army services, exemption from trial by Court Martial, &c., according to the prescribed form, and certified by the Commanding Officers of their former Corps. Staff Serjeants and Quartermaster Serjeants of Pension Districts, Barrack Serjeants, Recruiting District Staff Serjeants, Staff Clerks and other Pensioners employed under military control, in equally responsible appointments, shall also be eligible to receive medals without gratuities. Their names are to be submitted to the General Commanding in Chief by the Staff Officer of Pensioners if employed under him, or by their immediate military superior, as the case may be. But no person, whether employed on the permanent Staff of the Militia, or in any of the

capacities above indicated, shall be eligible to receive a medal without gratuity until after the completion of not less than twelve months' service in any of these capacities.

5. The General Commanding in Chief will notify from time to time to our Principal Secretary of State for War the names of all those persons, including Non-commissioned Officers and Drummers on the permanent Staff of the Militia, and Pensioners employed in any of the capacities above indicated, to whom medals without gratuities shall be awarded in pursuance of this our Warrant, in order that a record of the same may be preserved in the Office of our said Principal Secretary of State for War.

W. O., 17th December, 1861.

WITH reference to Clause III. of Regulations relative to Superannuation Allowances embodied in Circular 709, I am directed by Secretary Sir George C. Lewis, to state that, with the concurrence of the Lords Commissioners of Her Majesty's Treasury the maximum age for Office Keepers, Foremen, Labourers, &c., who have been appointed on the permanent establishment since 19th April, 1859, and subsequently to their discharge to pension from the Army, has been raised, so far as the Military Store Department is concerned, to an age not exceeding forty-two, and the Royal Engineer and Barrack Departments to an age not exceeding forty-five.

I am, however, to state, with reference to Clause I. of the Regulations which are attached to the Circular, that the rate of wages paid at a station, at which men are found willing to engage themselves for employment, must be taken to be the "Full Market Rate," it being optional with the men to accept or refuse such wages.

Should there, however, be any men at your station engaged since the passing of the Act (19th April, 1859), who have really entered the Department on a clear understanding, or with a well-grounded expectation that they would, if they conducted themselves well, and remained in the employment of the Department, receive future superannuation; Sir George C. Lewis will (on receiving the full particulars of each case) consider whether such cases should be transmitted for the special consideration and decision of the Lords Commissioners of Her Majesty's Treasury.

WHEREAS we have judged it expedient to revise that part of our Royal Warrant of the 16th day of May, 1861, which prescribes the rule under which the promotion of Chaplains of our Army shall be regulated: Our will and pleasure is, that instead of Clause 3 of the before-mentioned Warrant, which is hereby cancelled, the following shall be adopted:

3. In cases of distinguished services, Chaplains may be promoted from any class to that next above it, without reference to length of service; but in such cases, with a view to ensure the responsibility attaching to an appointment made out of the regular course of promotion, the recommendation in which the services of the Officer are detailed, shall be published in the General Orders of the Army, and in the Gazette in which the promotion appears. But neither in such cases, nor even on account of length of service, shall any Chaplain be promoted, unless his promotion be specially submitted for our approval by our Secretary of State for War.

Instruction of Musketry. 7 (1861). *Horse Guards, 30th November, 1861.*

THE General Commanding in Chief desires, with a view to the preservation of the Stadiometers recently introduced into the Service, that they may always be kept in a dry place, and that, in the event of their getting wetted when in use, they may be wiped thoroughly dry before being put away: if these precautions are taken, no difficulty will arise from tightness of the sights, and the instruments will last for years.

CIR. MEM. *Addressed to the Army at Home and Abroad.* Discharges. 2 (1861).
Gen. No. 170. *Horse Guards, S. W., 2nd December, 1861.*

THE General Commanding in Chief having observed that the Paymasters of some of the dépôt battalions have neglected the War Office Regulations (page 142, paragraph 472, of the "Explanatory Directions"), which require them to insert every three months, viz., in January, April, July and October, in the original record on the third page of a soldier's attestation every variation affecting his service and pay, desires that Commanding Officers of Dépôt Battalions will take care that the above rules are strictly complied with for the future; and with a view to ensure this being regularly done, Commanding Officers of regiments are hereby enjoined to be punctual in making the prescribed monthly reports, to the dépôts, of the changes and casualties which occur in the service and position of men present with the head quarters.

His Royal Highness has also observed that, in some instances, a deviation from the general practice of the service has occurred, in not completing the said record of men, who either have been, or are about to be discharged, up to the latest date to which information has been received at the dépôt, and desires that this may invariably be done before transmitting the attestation to complete the discharge documents.

In the case of discharges in the United Kingdom, where the attestation is one of the records ordered to be placed before the Regimental Board, it is obvious that the services can, and therefore must, be closed in the usual manner to the date of the assembly of such Board.

Gen. No. 172.

Horse Guards, S. W., 11th November, 1861.

THE General Commander in Chief desires that the following regulations in regard to the absence of Army Schoolmistresses from their duties,—which have been proposed by the Council of Military Education, and have been approved by His Royal Highness and by the Secretary of State for War,—be observed as part of the Standing Orders of the Army, viz. :—

1.—The ordinary leave of absence to be granted to Schoolmistresses is not to exceed six weeks in one year, including the summer and winter holidays, except in the cases of those who may have leave to return to England from foreign stations, when their claims will be specially considered.

2.—In the event of illness, duly certified by an Army Medical Officer, a Schoolmistress serving at home may be absent from her duties for three months in any one year; but should her state of health render further absence necessary, she shall be placed on the list of unemployed Schoolmistresses. The cases of Schoolmistresses serving abroad will be specially considered.

3.—Any Schoolmistress who may remain unemployed for a period of two years, shall be removed altogether from the list of Army Schoolmistresses, and lose all claim to further employment.

4.—When a Schoolmistress of the 1st or 2nd Class has been placed on the "Unemployed List," her vacancy in such class shall be immediately filled up; but should she return to duty within the prescribed period, she shall be considered as a supernumerary, until a vacancy occurs, when she shall be replaced on the list in the same position as she held prior to her being unemployed.

5.—The appointment of an Acting Schoolmistress may be considered, on reference to the Secretary of State, whenever a Schoolmistress shall be absent from her duties for a longer period than six weeks.

6.—In the event of Schoolmistresses becoming unemployed in consequence of marrying, and declining to be transferred to stations where their services are required, they will not be allowed to remain longer on the unemployed list than the time specified in Article 3; their pay in all cases ceasing when their services cease to be given.

CIRCULAR MEMORANDUM,

Addressed to the Army at Home and Abroad.

General No. 149.

Instruction in Musketry—4 (1861).

Horse Guards, S. W., 21st August, 1861.

THE General Commanding in Chief having approved of the adoption of a stadia in place of the chain or cord now employed in the judging distance practice of the troops, the following Instructions have been drawn up for information and guidance in using the instruments in question. His Royal Highness has recommended that these stadia be considered as barrack stores, and that two complete sets shall be supplied for each battalion at the several military stations.

By Command. JAMES YORKE SCARLETT,
Adjutant General.

INSTRUCTIONS to ascertain the correct distance when men are employed as "points of observation."

1st. The Instructor will fix a flag *a* (vide diagram No. 1) at the place at which the party or squad is to estimate the distance from the men standing as "points of observation."

CIRCULAR, No. 149—continued.

2ndly. A Non-commissioned Officer (if practicable, the Sergeant-Instructor) will fix the staff *b* perpendicularly in the ground in any situation and at any distance that may be determined by the Instructor, and align it by means of the vertical pointer *c* attached thereto, on the flag *a* at the judging distance point.

3rdly. At 40 yards from the staff, and to the left of it, align another flag *d* by means of the horizontal pointer *e* attached to the staff, and fix the said flag perpendicularly in the ground.

The staff and flag thus arranged form the base, at the right of which the men intended for "points of observation" are to stand.

4thly. So place the stadia at the first-mentioned flag *a* that the foresight *f* on the shaft of the stadia will be aligned on the centre of the staff *b*, looking through the bottom of the notch of the slider or moveable backsight *g*.

5thly. Push the slider *g* backward or forward without in any way moving the shaft until the foresight *h* on the arm of the stadia is aligned on the flag *d* to the left of the staff *b*; then fix the said slider.

6thly. Look at the index or scale on the shaft of the stadia for the distance, which will be shown by the number immediately behind the slider or moveable backsight *g*.

Note.—The foresight on the arm of the stadia is moveable, in order that it may be adjusted according to the scale to be used; for example, if the small scale is to be used, the foresight must be placed at the line marked 1,000 yards on arm of the stadia; if the large scale, at the line marked 600 yards. Every 4 inches on the shaft per large index or scale represent 40 yards; and every $2\frac{1}{8}$ inches per small index represent the same distance; the distance between the points of the two foresights (which are always to be upright) being respectively 2·4 and 4 inches, according to the position of the moveable foresight.

When a class is divided with a view to judge the distance from each other, the following method will be observed to signal the correct distance to the party or squad opposite to that with which the stadia is, viz.:—a flag lowered to the right, will signify *hundreds* of yards; to the left, *tens*; and to the front, *five*. Thus, for example, if the flag be lowered four times to the right, five times to the left, and once to the front, the distance signalled is 455 yards.

To ascertain the correct distance from an object, such as a house or tree, which is to be practised when judging distances, during route marching, or at times other than during the annual course of instruction.

1st. Fix the staff *a* (*vide* diagram No. 2) perpendicularly in the ground, and align it by means of the vertical pointer *b*, attached thereto, on a given point *c* of the house, or other object, the distance of which from the said staff is required.

2ndly. At 40 yards from the staff, and to the left of it, place the stadia, the arm of which *d* is to be aligned by means of the horizontal pointer *e* attached to the staff.

3rdly. Push the slider or backsight backward or forward until the moveable foresight *g* is aligned on the same point *c* of the house or other object on which the staff has already been aligned.

4thly. Look at the index or scale on the shaft of the stadia for, and read off, the distance.

N.B.—The stadia can be used on any ground, as there is no necessity for the men judging the distance, and the object of observation, being on the same level.

The stadia complete consists of:—

- 1 Index shaft.
- 1 Tripod.
- 1 Staff.
- 1 Reel, with 40 yards of measuring tape.

By Command.

Adjutant General.

CIRCULAR, No. 781.

Ionian Islands—492.

War Office, 27th Dec. 1861.

SIR,—I am directed by Secretary Sir George Lewis to acquaint you, that with a view to obviate the necessity of the purchase of iron for the cupolas for Martin's Shell supplied to the several stations in your District, such old and unserviceable shot and shell as may accumulate from time to time, and be suitable for melting in the cupolas, should be retained at your station in such quantities as the Officer commanding Royal Artillery and yourself may consider necessary to meet the supply required for those furnaces.

You will be guided in your selection of suitable iron by paragraph 65 of the Instructions for the management of Cupolas, which runs as follows:—

"The smaller that the pieces of iron are the easier are they melted, accordingly when manual labour is employed, the sledge hammer that accompanies the cupola will be found serviceable in breaking the iron into the smallest lumps that may be practicable.

"Lumps 4 inches square are not too large, but they will melt all the easier if smaller; masses of 6 or 8 inches may be melted, but great care will have to be used in case the solid lump finds its way to the bottom before it has been overcome with the heat. An extra quantity of coke under such circumstances will be advisable."

It is to be borne in mind that shells of any size can be broken by the sledge hammer which accompanies the furnace, but in using shell great caution must be exercised in case there should be powder by any chance remaining inside.

CIRCULAR, No. 735.

VICTORIA R.

WHEREAS we have judged it expedient to approve of the amalgamation of the General and Field Officers of our Indian Armies with the General and Field Officers of our Regular Army: Our will and pleasure is, that such amalgamation, and the promotion of the Officers to higher rank, shall be carried into effect in the manner prescribed in the Regulations hereunto annexed.

Given at our Court at St. James's, this first day of January, 1862, in the Twenty-fifth year of our reign.

By her Majesty command.

G. C. LEWIS.

REGULATIONS.

1. THE existing General Officers of either Army shall continue, as at present, on separate lists.

2. All Colonels of either Army who attained that rank prior to the 17th February, 1861, shall be continued on separate lists as at present, and shall succeed on separate lists to the rank of Major General, Lieutenant General and General, under the Regulations now in force for each Army respectively; but if all the Colonels on one of the separate lists shall have become Major Generals, while some of the Colonels on the other separate list are still unpromoted, those Colonels shall have the benefit of

CIRCULAR, No. 735—continued.

vacancies occurring in the lists of Generals of either Army, and Colonels so promoted shall be placed on an amalgamated list of Major Generals, from which promotion shall be made by seniority in succession to all vacancies in the higher grades, whether of the British or Indian Service.

3. All Officers in either Army who shall have attained the rank of Colonel on or after the 17th February, 1861, shall at once be placed according to the dates of their commissions as Colonels on one general list, from which, so soon as the separate lists of Colonels are exhausted, promotion shall be made according to seniority in succession to all vacancies in the establishments of General Officers, whether of the British or the Indian service, and Colonels so promoted shall enter upon the amalgamated list above provided, from which promotion shall be made by seniority in succession to all vacancies in the higher grades, whether of the British or Indian service.

4. All promotions in the lower grades, in consequence of vacancies amongst General Officers, shall, until the general fusion hereinafter provided, fall in each case to that service to which the Officer creating the vacancy belonged; and such promotions shall be made under the regulations now in force in either service.

5. When all the Colonels on the separate list of the Cavalry, Guards and Line of the British Army, and on that of the Indian Army, shall have become Major Generals, the whole of the Field Officers, including those of the Artillery and Engineers of both Armies, as well as Field Officers of the Royal Marines, shall be placed on one general list, from which all promotions shall be made up to the rank of Lieutenant Colonel inclusive, in succession to vacancies on the General Officers' list; and from that time the senior Captain of the United Army and Royal Marines shall succeed to a Brevet Majority, under the 15th clause of the Warrant of the 14th October, 1858.

6. Promotion to the rank of General Officer in the Royal Artillery and Royal Engineers will continue to be carried on under the Regulations now in Force, until all the Colonels of Artillery and Engineers, as the case may be, on the separate list of the Indian Armies, shall have become Major Generals; then the General Officers of the Artillery of the Indian Army shall be amalgamated with those of the Royal Artillery; and, in like manner, the General Officers of the Engineers of the Indian Army with those of the Royal Engineers; promotions to the rank of General Officer in the Ordnance Corps being made subsequently to their respective amalgamations from one list of Colonels of the Royal and Indian Artillery, and from one list of Colonels of the Royal and Indian Engineers.

7. The present establishment of General Officers of Her Majesty's Indian Artillery and Engineers was fixed at the rate of one Officer for each Battalion,* but as these Corps are now being incorporated with the Royal Artillery and Engineers respectively, it is necessary that the proportion of Generals to combatant Officers, adopted for Her Majesty's Forces, should be extended to the Brigades and Battalions now being added to the Artillery and Engineers respectively. Eventually, therefore, the establishment of General Officers of the Brigades and Battalions now being transferred from the Indian Service will be fixed at 26 for the Artillery and 12 for the Engineers respectively.†

8. If, at the time of the amalgamation of the General Officers of Artillery and Engineers provided in the 5th paragraph of this Warrant, there shall be more General Officers of the Indian Artillery or Engineers than the proportion fixed as their establishment, viz. 26 for the Artillery, and 12 for the Engineers—(a circumstance which might arise, from all promotions to the rank of General Officer in the Indian Service being now made on one general list, which includes Officers of all branches of the service)—the excess shall be absorbed before a Colonel of the branch concerned can be promoted. Or if there be less than the established number, promotions shall be made to supply the deficiency from the general lists above mentioned of Colonels of Royal and Indian Artillery and Engineers respectively.

9. Upon the transfer of the present 12 Regiments of European Cavalry and Infantry

the Indian Army to the British Army, a like number of General Officers will be taken off the Indian Establishment, and will, as Colonels of such Regiments, be transferred according to the dates of their commissions to the fixed establishment of General Officers of the British Army.

But as the number (12) of General Officers thus brought from the Indian establishment is less than the proportion (15) of General Officers due to the number of constant Officers belonging to the transferred Regiments, an addition of three General Officers shall, on this account, be made to the unattached list of the British Army at the time referred to in paragraph 8 of this Warrant.

And in making these additions to the list of General Officers, the proportions of the different grades of General Officers now on the establishment of the British Army shall be maintained.

10. The Field Officers coming to the British Army with these Regiments shall take their position on the general list of Field Officers, according to the date of their Army link, by which their future promotion shall be governed.

11. The amalgamation of the lists of General Officers, in accordance with these provisions, will in no wise affect the system which regulates the succession to the colonelcies of Regiments of the British Army, or to the Colonels' allowances of Her Majesty's Indian Forces.

12. The present establishment of General Officers of the Indian Army, inclusive of Artillery and Engineers, consists of 25 Generals, 50 Lieutenant Generals, 145 Major Generals, which numbers are, however, liable to reduction.

But the proportion of Generals maintained on account of the Indian establishment shall at all times be governed by the principles adopted in respect to the British Forces, both as to numbers and gradation.

And reductions shall be made by gradual absorption, and by the promotion of not less than one Colonel for three vacancies amongst General Officers, until super-numeraries are exhausted.

It having been found that the numerous stamps required by Regulation tend to injure the smaller straps in use in the Cavalry, &c., His Royal Highness the General Commanding in Chief has been pleased to direct that the small straps of saddlery, such as the baggage, cloak, and carbine straps, be, in future, marked with the Troop or Battery letter and number only, the date of issue and number of the Regiment or Brigade being omitted. This rule should likewise apply to those straps which are sewn on the bits, the bits being always marked with the number of the Regiment.

GENERAL ORDER.

No. 805.

Instruction of Musketry—1 (1862).

Horse Guards, S. W., 11th January, 1862.

THE General Commanding in Chief has desired the annexed Table, showing the "Figure of Merit" of the several Corps in the United Kingdom, in North America, and at the Mauritius, which have completed the course of Musketry Drill and Practice for the year 1861-2, to be published in the General Orders of the Army.

While His Royal Highness is gratified in observing that the Shooting of the Army has much improved, he would again call attention to the fact that a lower figure than 40 affords evidence of a deficiency, in some quarter, which calls for increased exertion

VOLUNTEER CIRCULAR, No. 13.

Gen. No. 1821.

War Office, 23rd December, 1861.

SOME misunderstanding having arisen in regard to the regulations for the temporary attachment of one Corps to another Corps of the same arm, or to an Administrative Body or a Corps of a different arm, under the provisions of Articles 84, 85, and 86, of the Volunteer Regulations, I have the honour to point out to you that the object of the attachment therein sanctioned, is to afford to any Corps, which may desire to be so attached, the advantage of the instruction of the Adjutant of the Battalion, and in the case of the attachment of one Corps to another of the same arm, the advantage also of united drill.

Any Corps thus attached, does not become part of the Administrative Body or Corps to which it is attached, and has no connection with it, except when drilling with it, or when receiving instruction from the Adjutant, or being inspected by the Field Officer Commanding, such inspection being necessary in order that the Field Officer may see that the Adjutant has done his duty.

All the correspondence of the Corps, on matters not affecting the Administrative Body or Corps to which it is attached, should be conducted in the same manner as if it were an entirely distinct body.

I have to add that the attachment of a Corps, under the above-mentioned Articles, is not to be considered as of a permanent character, or as constituting the establishment of a new Body, and should not, therefore, be gazetted.

I have the honour to be, &c.,

Her Majesty's Lieutenant for the County of—

G. C. LEWIS.

WITH reference to Article 43 of the Regulations for the Volunteer Force, I have the honour to inform you, that, in any case in which you may consider it desirable, there will be no objection to the appointment of Supernumerary Officers with the rank of Ensign instead of Lieutenant to any Corps, entitled under the provisions of the above quoted Article to Supernumerary Subalterns, in lieu of a Paymaster and a Quartermaster.

I have to add, that any Officer who may be appointed to the Junior Rank may be promoted to that of Supernumerary-Lieutenant, on his arriving at the top of the list of Ensigns, if I receive from you a recommendation to that effect.

Gen. No. 1834.

War Office, 15th January, 1862.

SIR,—It having been reported to the Secretary of State for War that a Corps of Volunteers lately marched under arms and with drums beating through a Military Station without any intimation having been given to the General Officer in command there, I am directed by Sir George Lewis to point out to you that such a proceeding is contrary to the usages of Military Service; and to inform you that whenever Volunteers desire to visit any Garrison or Camp as a Military Body the permission of the Secretary of State must first be obtained through the Lord Lieutenant, in order that the General Officer in Command may be duly made aware of the intended arrangement.

Upon all occasions of entering a Garrison or Camp, the Officer in Command of Volunteers must duly report his arrival to the General Officer, and at the same time furnish him with a field state of the Corps.

I have the honour to be, Sir, your obedient Servant,

THE VICTORIA CROSS

CONTINUED FROM

The Monthly Army Lists of March, June, July, October and December, 1857, January, February, May, July, September, October and November, 1858, January, February, May, June, July, August, October, November and December, 1859, February, March, June, July, September, October and December, 1860, and March, April, August and September, 1861.

War Office, 25th February, 1862.

THE QUEEN has been graciously pleased to signify her intention to confer the decoration of "The Victoria Cross" on the under-mentioned Officers and Non-Commissioned Officer, whose claims to the same have been submitted for Her Majesty's approval, on account of acts of bravery performed by them in India, as recorded against their several names, viz. :—

Bombay Artillery (now of the Staff Corps).—Major RICHARD HARTE KEATINGE.—Date of act of bravery, 17th March, 1858.—For having rendered most efficient aid at the assault of Chundairee, in voluntarily leading the Column through the breach, which was protected by a heavy cross fire. He was one of the foremost to enter, and was severely wounded in the breach. The Column was saved from a serious loss that would probably have resulted, but for Major Keatinge's knowledge of the small path leading across the ditch, which had been examined during the night by himself and a servant, who declined, when required, to lead the Column, without his master. Having cleared the breach, he led into the Fort, where he was struck down by another dangerous wound. The Commander in Chief in India states that the success at Chundairee was mainly owing to this Officer, whose gallantry, really brilliant, he considers was equalled by his ability and devotion. Major Keatinge was at the time a Political Officer with the 2nd Brigade of the Central India Field Force.

and Bombay Light Cavalry.—Captain JAMES BLAIR.—Date of acts of bravery, 12th August and 23rd October, 1857.—For having on two occasions distinguished himself by his gallant and daring conduct. 1. On the night of the 12th of August, 1857, at Neemuch, in volunteering to apprehend seven or eight armed mutineers who had shut themselves up for defence in a house, the door of which he burst open. He then rushed in among them, and forced them to escape through the roof; in this encounter he was severely wounded. In spite of his wounds he pursued the fugitives, but was unable to come up with them, in consequence of the darkness of the night. 2. On the 23rd of October, 1857, at Jeerum, in fighting his way most gallantly through a body of rebels who had literally surrounded him. After breaking the end of his sword on one of their heads, and receiving a severe sword cut on his right arm, he rejoined his troop. In this wounded condition, and with no other weapon than the hilt of his broken sword, he put himself at the head of his men, charged the rebels most effectually, and dispersed them.

Bengal Police Battalion.—Lieutenant CHARLES GEORGE BAKER.—Date of act of bravery, 27th September, 1858.—For gallant conduct on the occasion of an attack on the rebels at Suhejnee, near Peroo, on the 27th September, 1858, which is thus described in this Officer's own words. "The enemy" (at the time supposed to have mustered from 900 to 1,000 strong in infantry, with 50 cavalry,) advanced. With-

out exchanging a shot, I at once retired slowly, followed up steadily by the rebel line for 100 yards clear of village or jungle, when, suddenly wheeling about my divisions into line, with a hearty cheer, we charged into and through the centre of the enemy's line, Lieutenant Broughton, with his detachment, immediately following up the movement, with excellent effect, from his position upon the enemy's left. The rebel right wing, of about 300 men, broke at once, but the centre and left, observing the great labour of the horses in crossing the heavy ground, stood, and receiving the charge with repeated volleys, were cut down, or broke only a few yards ahead of the cavalry. From this moment, the pursuit was limited to the strongest and best horses of the force, numbering some 60 of all ranks, who, dashing into and swimming a deep and wide nullah, followed the flying enemy through the village of Russowiee, and its sugar-cane khéts, over two miles of swamp, and 500 yards into the thick jungles near Peroo, when, both men and horses being completely exhausted, I sounded the halt and assembly, and, collecting my wounded, returned to camp at Munjhaen about 6 p.m." The charge ended in the utter defeat of the enemy, and is referred to by Lord Clyde, "as deserving of the highest encomium, on account both of conception and execution." It is also described as having been "as gallant as any during the war."

25th Bombay Light Infantry.—Lieutenant **WILLIAM FRANCIS FREDERICK WALLER.**—Date of act of bravery, 20th June, 1858.—For great gallantry at the capture by storm of the fortress of Gwalior, on the 20th June, 1858. He and Lieutenant Rees, who was killed, were the only Europeans present, and, with a mere handful of men, they attacked the fortress, climbed on the roof of a house, shot the gunners opposed to them, carried all before them, and took the fort, killing every man in it.

11th (late 70th) Bengal Native Infantry.—Lieutenant **JOHN CHARLES CAMPBELL DAUNT.**—Date of acts of bravery, October 2nd and November 2nd, 1857.

53rd Regt.—No. 2165. Serjeant **DENIS DYNON.**—Date of act of bravery, Oct. 2, 1857.)

Lieutenant Daunt and Serjeant Dynon are recommended for conspicuous gallantry in action, on the 2nd of October, 1857, with the Mutineers of the Raimgurh Battalion at Chota Behar, in capturing two guns, particularly the last, when they rushed at and captured it by pistoling the gunners, who were mowing the detachment down with grape, one-third of which was hors-de-combat at the time.

Lieutenant Daunt is also recommended for chasing, on the 2nd of November following, the Mutineers of the 32nd Bengal Native Infantry across a plain into a rich cultivation, into which he followed them with a few of Rattray's Sikhs. He was dangerously wounded in the attempt to drive out a large body of these Mutineers from an enclosure, the preservation of many of his party, on this occasion, being attributed to his gallantry.

Ordnance Department, Bengal.—Conductor **JAMES MILLER.**—Date of act of bravery, October 28th, 1857.—For having, on the 28th of October, 1857, at great personal risk, gone to the assistance of, and carried out of action, a wounded Officer, Lieutenant Glubb, of the late 38th Regiment of Bengal Native Infantry. He was himself subsequently wounded and sent to Agra. Conductor Miller was at the time employed with heavy howitzers and Ordnance stores attached to a detachment of troops, commanded by the late Colonel Cotton, C.B., in the attack on the above-mentioned date on the rebels who had taken up their position in the Sera at Futtehpoore Sikra, near Agra.

Indian Navy.—Midshipman **ARTHUR MAYO.**—Date of act of bravery, 22nd November, 1857.—For having headed the charge on the 22nd of November, 1857, in the engagement between the Indian Naval Brigade and the mutineers of the 73rd Native Infantry, and Bengal Artillery, when the former was ordered to charge 2 six-pounders which were keeping up a heavy fire. Mr. Mayo was nearly 20 yards in front of any one else during the advance.

ROYAL ARTILLERY AND ROYAL ENGINEERS.

Gen. No. 359.

War Office, 20th January, 1862.

THE Secretary of State for War having decided that the provisions of Circular No. 386, of 8th February, 1859, shall, with the exception of the first paragraph, apply to the Royal Artillery and Royal Engineers, from 1st April, 1862, the following rules are to be strictly observed:—

1. Regimental Officers will continue as heretofore to receive their pay, according to their own option, from the Regimental Agents or Paymasters.

2. With a view to secure an earlier and a more direct charge and audit, the pay of Regimental Officers, when so issued by the Paymaster, is to be charged in his pay list, and finally audited in that account.

3. The charges in the Agents' accounts under such head are to be restricted to the pay of those Officers who have selected the Regimental Agents to receive their pay from.

4. Whenever an Officer is, at his own option, transferred from the payment of the Agents to that of the Paymaster, or *vice versa*, the prescribed pay certificate (130th and 131st Articles of the Explanatory Directions to Paymasters) will be invariably required in duplicate, the *original* being annexed to the account in which the pay is for the future to be charged, and the *duplicate* to the account in which the pay will cease to be charged.

5. The foregoing rules will also apply to the Extra-Pay and Servant-Allowance of Engineer Officers.

6. The separate quarterly statement of Officers' pay, prescribed by the 43rd Article of the Explanatory Directions, will be discontinued, and the 8th and 145th Articles of those Instructions will be inapplicable from 1st April, 1862, the date on which the present Regulations take effect.

and Agents.

Height, 5 feet 6 and upwards. Chest measurement 34 inches.

Chest measurement for Infantry (Rifle Regiments excepted) Recruits of 5 feet 6 and upwards, the same as for Gunners, Royal Artillery.

The Recruit is to be measured round the chest in a line over the nipples, with his arms placed straight above his head, the backs of the hands touching each other and the edges of the feet together, and at the same time made to count the numbers from one to ten, in a loud tone of voice, and slowly. The Superintending Officer, and not the Surgeon, will be held responsible for the correctness of this measurement.

Whenever a difference of opinion arises at the Head Quarters of any Corps, Depot or Recruiting District, as to the chest measurement of a Recruit, a special report is to be made to the Adjutant General, for submission to His Royal Highness the General Commanding in Chief, as to the final disposal of the man.

CIR. MEM. Addressed to the Army at Home and Abroad. Discharge—1 (1862).
Gen. No. 184. Horse Guards, S. W., 15th February, 1862.

With a view to checking the fraudulent use of Parchment Certificates by deserters and others to whom they do not belong, His Royal Highness the General Commanding in Chief is pleased to direct, that the Discharge Board shall, in all cases, enter on the back of the Parchment Certificates a description return, in the same form as on page 4 of the Proceedings of Board, and headed "Final description of No. — A. B., at the time of his discharge." The place for entering this description is immediately below the space headed "Particulars of Marching Money," and care is to be taken that it does not extend below the line which, on the other side, separates the "character" from the body of the Certificate.

This entry will be made at right angles to that on the face of the Certificate.

A copy of this Circular is invariably to be laid before Discharge Boards.

By Command.

GENERAL ORDER, No. 807.

Horse Guards, S. W., 19th February, 1862.

WITH regard to the addition of twelve non-purchase Regiments of the Line to the British Army, His Royal Highness the General Commanding in Chief is pleased, with the concurrence of the Right Honorable the Secretaries of State for War and for India, to establish the following regulations :—

1. In non-purchase Corps of the Line, no Officers can sell their Commissions.

Those who enter from the Indian Service retain their claim to Indian pension, and all others are entitled, with Her Majesty's approval, to retire on full or half-pay, according to the terms of Her Majesty's Warrants of the 14th October, 1858, and 28th March, 1861.

2. An Officer joining a purchase Regiment from the Indian Service will be placed on the same footing in all respects with the rest of the Officers of that Regiment.

Having forfeited all claim to Indian pension, he will become entitled to retire on full pay or half-pay, under the Warrants above specified.

Non-purchase Officers of such Regiments have the privilege of receiving, subject to the consent in each case of the General Commanding in Chief, and of the Secretary of State for War (which is liable to be withheld if the retirement results from misconduct), an allowance, on retirement, of £100 for each year's service, whether in the British or Indian Army, providing the total amount does not exceed the price of the Commission resigned.

By Order of H. R. H. THE GENERAL COMMANDING IN CHIEF,

JAMES YORKE SCARLETT, *Adj. Gen.*

VOLUNTEER CIRCULAR. No. 17.

Art. Gen. No. 373.

War Office, 8th February, 1862.

SIR,—The Secretary of State for War having had under his consideration the reports which he had received from the officers charged with the annual inspection of the several corps of Artillery Volunteers, deems it expedient to call the attention of Commanding Officers to the following points, which have been brought under his notice in some of those reports.

In handling gunpowder the greatest possible care should be taken.

Cases or barrels should not be opened either inside a magazine or immediately outside the door. When brought out to supply batteries in action, they should be deposited in rear and to windward thereof, and be placed under proper guard.

Neither Volunteers not at exercise, nor other spectators, should be allowed to congregate round barrels or cases which are being issued.

Bands of music should be prohibited from playing either inside or in the immediate vicinity of batteries during gun practice.

Whether in firing with or without shot saturated cartridges should not be used; they spoil ranges, and are apt to leave embers in the gun.

The practice of firing blank cartridges against time leads to the waste of powder, engenders loose habits, and is very dangerous; it should therefore be forbidden.

Sword bayonets should not be used by Artillerymen engaged at gun-drill or in moving powder.

I have the honour to be, Sir, your obedient Servant,

To Officers commanding Artillery Volunteers.

DE GREY AND RIFON.
